Making Payments:

Please make all checks out to RBBC and have student place in safe. If paying in cash, please get a money order for your protection. Envelopes containing payments should have student name, date, what specifically the payment is for and any other important information. You may also pay online at the band website via PayPal – this allows you to use a credit card!

Communication:

Every Monday, emails will go out to families regarding the week ahead, often including two weeks of information for planning. Please consult your hard-copy calendar, the digital iCal as well as checking your email for important information and updates. Schedules frequently have to be given minor adjustments, and we strive to give you as much advance notice as possible. Your digital iCal will update automatically, so please always consult that first, your email updates second and your hard-copy calendar last.
